New Website Coming August 1

We are excited to announce we will be launching a new website on August 1, 2022. Our current website is very dated, and we felt it was important to bring the website up to current internet specifications. With more people using phones and tablets to access the internet, this update will help assure that anyone who needs our website will be able to access what they need quickly and efficiently from any device.

You will not need to do anything for this update. This update does not affect Online Banking, nor does it affect any usernames or passwords. When we are ready with the final version we will just flip the new site on and flip the old site off, so all you need to do is be prepared to see a different look.

You will still access our website at **www.wlsfcu.com**. Some of our members may also use **www.wlsefcu.com** from before our name change a few years back. Both URLs will work, but the permanent main URL moving forward is **www.wlsfcu.com**.

WHAT WILL BE NEW?

- A cleaner look that better represents who we are as a credit union.
- Improved functionality across all computers and mobile devices.
- Improved functionality for people with hearing and vision disabilities.
- Fewer clicks will be needed to find the information you need.
- Easier access to our forms and applications.
- Videos and webinars regarding common financial questions.
- FAQ section to answer common questions.

The new website will bring us up to date and offer a more user friendly product. Be on the lookout for a new page on August 1, 2022.
